2017 – 2018 Etcherla, India	School: State Board AP Keshava Reddy School GPA:10/10

🧠 SKILLS

Programming Languages

C,C++,Java,Python

CS Core

DSA, DBMS,OOPS

Soft Skills

Team work, Problem solving

Web Programming Languages

CSS,HTML,React

🌐 LANGUAGES

Telugu

English

Hindi

📁 PROJECTS

Plagiarism Checker

- Developed plagiarism checker using the Python programming language.
- The cosine similarity algorithm was used to measure the similarity.
- It was tested on a corpus of plagiarized and non-plagiarized text documents.
- The plagiarism checker was evaluated using a variety of metrics, including accuracy, precision, recall etc and this can be used by students, teachers, and businesses to detect plagiarism.

Code editor using reactjs

- In this project, a code editor using Reactjs was built
- The code editor contains three sections: CSS, HTML, and JavaScript. We can write code in these section and it shows the respective output.
- This shows that we can write code that is functional and interactive.
- And in this project, I have used a variety of React components and libraries.

CERTIFICATES

Coding for Everyone: C and C++

Coursera

Algorithmic Toolbox 

Coursera

AWS Academy Machine Learning Foundations 

ACHIEVEMENTS

- Received merit scholarship for Academic performance.
- Attended a three-days workshop on “Blockchain” organized by GMRIT..
- Received 5star badge for Python Programming in Hackerrank.
- Received 4star badge for SQL in Hackerrank.
- Participated in CODIGO in Stepcone 2023 GMRIT
